

## St Bernard's Catholic Grammar School CURRICULUM STATEMENT

"The curriculum, in all its aspects, must reflect the fact that the person of Christ, and the message which the Church has received from Him, is the foundation of the whole educational enterprise in a Catholic school. Although it may be convenient to speak of the 'religious' curriculum and the 'secular' curriculum in the Catholic school, as though these were separate and distinct, in reality the curriculum as a whole, and every part of it, is religious, since there is nothing which does not ultimately relate to God. For the school to be truly Catholic, this vision must be shared by all connected with its work."

*Evaluating the Distinctive Nature of the Catholic School,  
Bishops Conference of England and Wales 1999*

We are a Catholic school and our curriculum, both in its pastoral and academic dimensions, stems ultimately from the vision and mission which is distinctively ours as a Catholic school. Through our curriculum, content and delivery we must re-affirm our love for the child as a child of God on a faith journey to Christian maturity. This perspective enables us to recognise and respect the uniqueness of all individuals within our community and thus we wish to provide a curriculum which will:

- provide for the spiritual, moral, cultural, mental and physical development of all students at the school;
- prepare all students for the opportunities, responsibilities and experiences of adult life.

We need to ensure that:

- the school's Mission Statement is clearly understood by all;
- each student's individual self-esteem is encouraged and upheld;
- individual differences, capabilities and characteristics are celebrated and supported;
- the whole school approach to the learning process is pervaded by a sense of fairness and justice.

In recognition that each student is different, the school will endeavour to provide each student with an individualised curriculum suited to his/her needs and interests. Key points in this process are:

- The offer of a broad and balanced curriculum: our students in Key Stages 3&4 study a varied curriculum, which caters for and facilitates the development of a wide range of skills and talents. Details of the curriculum on offer in each year can be found below.
- Language choices: at the end of Year 7, our students identify two languages of their choice from French, Spanish, Latin and Japanese for study in Year 8.
- GCSE Option choices: at the end of the Easter Term in Year 9, our students identify four option choices to complement their core curriculum for study in Year 10. In addition to the study of Religious Education, English Language & Literature, Mathematics (including Statistics from September 2018), Biology, Chemistry and Physics to GCSE level and non-examined Physical Education, the students study to GCSE level at least one language (from the four listed above), their choice of History or Geography (or both) and at least one subject (maximum of two) from the choices of Art, Business Studies, Computing, Drama, Music, Physical Education, Resistant Materials and Textiles. This process will move in to Year 8 as of September 2018.
- A Level Option choices: at the end of Year 11, our students (and external applicants) are given the opportunity to select three subjects (or four subjects for those with an average GCSE points score of 53 or above) that they wish to study in Years 12&13 to A level. All of the subjects that are on offer at GCSE are available for selection at A level; these are joined by

the new subjects of Classical Civilisation, Economics (via our collaboration with UCGS) and Psychology.

The school will respond to the needs and preferences of each student and will try to provide the curriculum desired. The Governors recognise that there will be occasions when students may not be able to study exactly what they want due to logistical or financial constraints – but will plan staffing to minimise these occurrences and balance the curriculum desired by students with the financial constraints of running a school.

### Curriculum Offer by Year Group:

	Year 7	Year 8	Year 9	Years 10&11	Years 12&13
Religious Education	X	X	X	X	X
English	X	X	X	X	X
Mathematics	X	X	X	X	X
Science	X				
Biology		X	X	X	X
Chemistry		X	X	X	X
Physics		X	X	X	X
