

Freedom of Information

Publication Scheme on information available under the Freedom of Information Act 2000

The Governing Body is responsible for maintenance of this scheme. This policy should be read in conjunction with the following guidance document: *Definition document for Governing Bodies of maintained schools in England produced by ICO (as revised in 2013)*

http://www.ico.org.uk/for_organisations/sector_guides/education and with the following policies: *Data Protection policy, Record Management policy and with reference to the Governance section guidance document – Provision of information.*

Introduction: what a publication scheme is and why it has been developed?

The Governing Body must ensure that the school is registered with the Information Commissioner's Office (ICO). Also, they should conform to the Freedom of Information Act 2000, which gives a right of access to information held by public bodies, including schools (schedule 1, Part IV). In line with section 19 of this Act, schools must produce a Publication Scheme which makes it clear to the public what information they will make public when required to respond to requests for information in line with this legislation.

To do this we have produced a publication scheme, setting out:

- The classes of information which we publish or intend to publish;
- The manner in which the information will be published, and
- Whether the information is available free of charge or on payment.

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available in paper form from the School Office. Some information may be available from our website. Some information, which we hold may not be made public, for example personal information. When the General Data Protection Regulation (GDPR) comes into force in May 2018, we will be compliant with the extra requirements of these regulations.

Our publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

Objectives and targets

The purpose of this publication scheme is to demonstrate how we respond to the requirements of the Freedom of Information Act 2000 and the GDPR at St Bernard's and how we are pursuing the aims and objectives of the school, which are:

- To create and maintain a learning environment in which each individual has the opportunity to fulfil his/her potential.
- To encourage the pursuit of excellence, both academically and in all other areas.
- To provide opportunities for spiritual, moral, cultural, personal and social development of pupils including citizenship.
- To encourage pupils to become life-long learners who are self-motivated, courteous and thoughtful individuals who value themselves, others and the environment.

To achieve these aims, we:

- Provide a happy school environment in which children gain confidence as individuals, are able to take pride in their own ability and take responsibility for their own actions.
- Develop good habits and attitudes to work and a life-long respect for learning.
- Develop high standards of literacy and numeracy.
- Involve children in the aesthetic pleasure of art, music, poetry, prose, drama and movement.
- Provide an environment where understanding, knowledge and respect of people of different cultural backgrounds can be encouraged.
- Encourage high expectations of all school members using their abilities.
- Meet the needs of learners of all abilities, within the framework of the national curriculum and its subject areas.

Categories of Information Published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as "classes". The classes of information that we undertake to make available are organised into four broad topic areas:

School Prospectus	Information published in the school prospectus
Governors' documents	Information published in Governing Body documents.
Pupils and curriculum	Information about policies that relate to pupils and the school curriculum
School Policies and other information related to the school	Information about policies that relate to the school in general

How to Request Information

Requests for information should be made to the Office Manager; please contact the school by telephone (01753 527020), email (office@st-bernards.slough.sch.uk), fax (01753 576919) or letter (1 Langley Rd, Slough, SL3 7AF). If you require a paper version of any of the documents within the scheme, please indicate this in your request.

Paying For Information

Information published on our website is free, although you may incur costs from your Internet Service Provider. If you do not have internet access, you can access our website using a local library or an internet café.

Single copies of information covered by this publication are provided free unless stated otherwise. If your request means that we have to undertake a lot of photocopying or printing, or pay a large postage charge, or is for a priced item such as some printed publications or videos, we will let you know the cost before fulfilling your request. Charges will be in accordance with Appendix 1.

Records Management Policy

The school retains its records under the policy and guidelines issued in the RM toolkit for schools issued by the Information and Records Management Society. (<http://irms.org.uk/page/SchoolsToolkit>).

Monitoring and Evaluation

In order to monitor and evaluate this policy, we welcome any comments or suggestions you may have about the scheme. If you want to make a comment about this publication scheme or if you require further assistance or wish to make a complaint then initially this should be addressed to the Headteacher at the School.

If you are not satisfied with the assistance that you receive or if we have not been able to resolve your complaint and you feel that a formal complaint needs to be made then this should be addressed to the Information Commissioner's Office. This is the organisation that ensures compliance with the Freedom of Information Act 2000 and deals with formal complaints.

APPENDIX 1

If the cost involved in responding to a Freedom of Information request amounts to more than £10, the person making the request will be given a notice asking them to provide a fee to cover the costs of photocopying, postage or any other related costs. For amounts less than £10 the fee will be waived. Photocopying will be calculated at a maximum charge of 10p per sheet. The 20 working day deadline for supplying the information will not commence until the fee has been received.

If the cost of complying with the request amounts to £450 or more, calculated at £25 per hour in staff time in relation to locating, retrieving and extracting the information, then the request will be forwarded to the Chair of Governors, who will decide whether to:

- Refuse the request;
- Supply the information without the full charge being imposed;
- Offer the requester some advice and assistance to identify whether the scope of the request can be narrowed in order that the information can be supplied at a lower cost.

If the person making the request does not supply the required fee by the end of three months from the date the notice was given, the school is not obliged to comply with the request.

Where more than one request is received from the same person or people acting together as part of a campaign, the school may consider combining the costs when determining whether they amount to £450. This will only be considered where the requests are of a similar nature and within a 60-day period.

Where charges relate to providing the information in another language the school reserves the right to charge, and the decision will rest with the Chair of Governors.
